

IEMOP
INDEPENDENT ELECTRICITY MARKET OPERATOR
PHILIPPINES

ADVISORY
11 June 2024

Dear Market Participants,

Notice is hereby given that the Energy Regulatory Commission (ERC) issued the Order dated 10 June 2024 ("ERC Order") in ERC Case No. 2024-017 MC, entitled "*In the Matter of the Declaration of Market Suspensions During Red Alerts During the Summer Months of 2024*", which directs ALL Distribution Utilities in the Luzon and Visayas Grids to use the values in the Final Statement to be issued by IEMOP in finalizing their billings to their consumers so that such values corresponding to WESM purchases (adjusted on account of the Market Suspensions) can be used, instead of the values indicated in the Preliminary Statement.

A copy of the ERC Order dated 10 June 2024 may be accessed through this [link](#)

Should you have further concerns or clarifications on the foregoing, you may send an email to billing@iemop.ph.

Thank you.
IEMOP
